# Research Project Scaffold

---

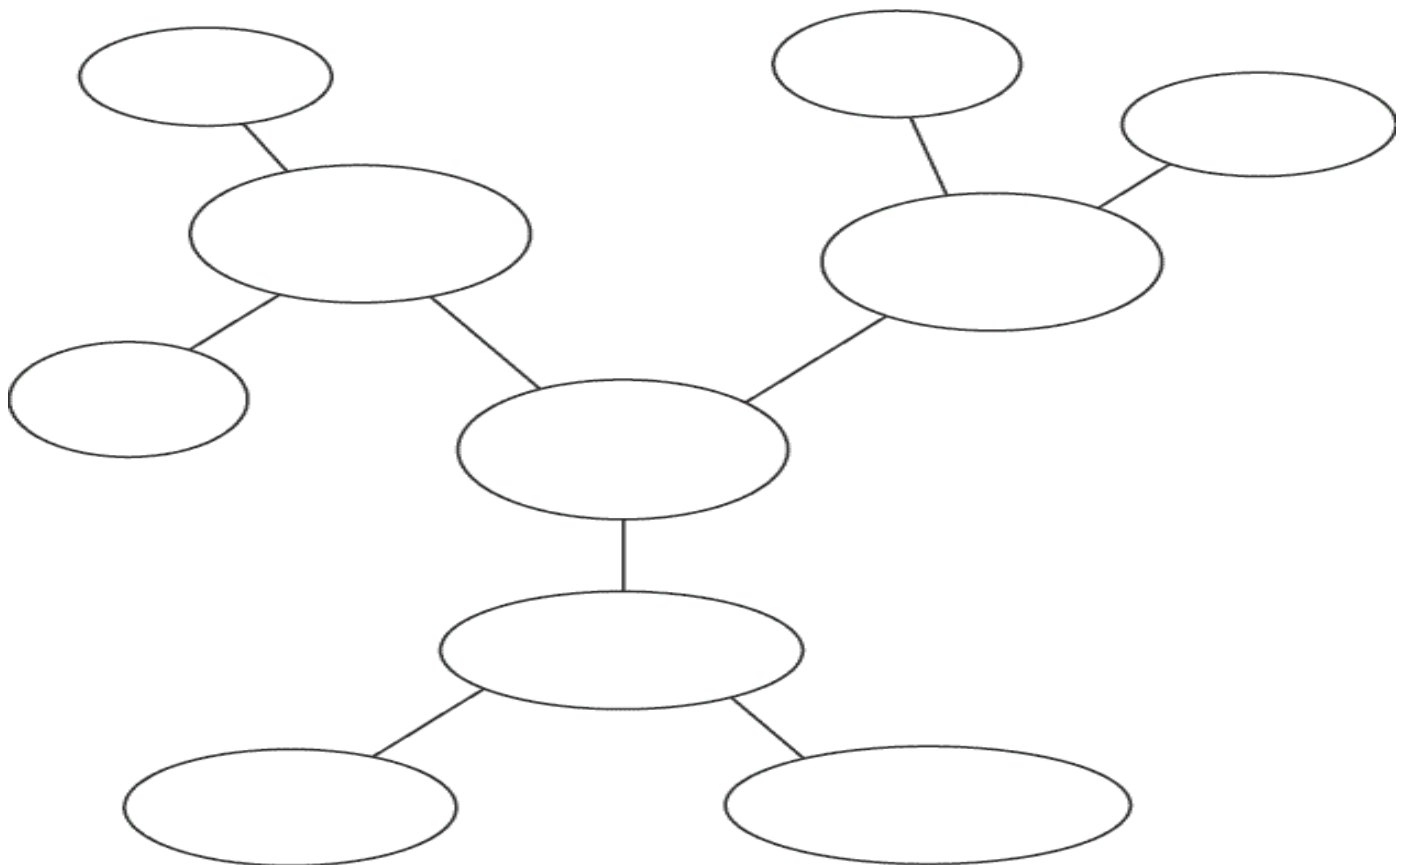

Research topic: \_\_\_\_\_

You will research the item or concept assigned to you in order to find out everything you can about it for an upcoming assignment. The more information you have, the better off you'll be!

Schedule:

**Friday, January 11:** LMC  
**Monday, January 14:** LMC  
**Tuesday, January 15:** LMC  
**Friday, January 18:** Computer lab A201 for Glogster instruction  
**Thursday, January 24:** LMC  
**Monday, January 28:** Counselors—2013.2014 SOPHOMORE registration  
**Thursday, January 31:** Computer lab A209 (Last Monday blog or glog work—TBD)  
**Friday, February 1:** LMC  
**Monday, February 4:** Counselors—2013.2014 SOPHOMORE registration  
**Thursday, February 7:** LMC  
**Thursday, February 14:** Computer lab A209  
**Tuesday, February 19:** Computer lab A201

Fill in the web to help you to brainstorm what you already know about the item or concept assigned to you.

Which words on your Economics Unit Organizer relate or connect to this topic? Explain.

Brainstorm some questions here that you think you could find answers to by doing some research:

Name \_\_\_\_\_

Sass/Scow EGE

Keep track of the resources that you use, and list one **relevant fact** from each source in the appropriate column.

Remember to put the information into **your own words**. If it's a *really great quote* that you want to use in your final paper, make sure you put quotation marks around the

*“really great direct quote”*

so that you'll remember that it's a direct quote and give credit appropriately. Use direct quotes sparingly; aim to use only one for each source. Otherwise, put the information into your own words.
